

Foresight Methodology Workshop

Date: 10-11 May/2017

Nr. of sessions: 3

Venue:

Hotel Parque

Calle Muele Las Palmas, 2

35003 Las Palmas de Gran Canaria

Spain

Foresight Methodology Workshop Concept:

Objectives:

As a methodology-oriented workshop, it will i) provide evaluation of past foresight exercises as well as the foresight methods and tools used in the past; and ii) synthesize foresight methodology recommendations for the mineral raw materials policy-making.

Match-making of methodology evaluated with identified WP2 needs – identifying future requirements.

09/05/2017 - Arrivals		
10/05/2017 – Foresight Methodology Workshop – Day 1, Morning Session.		
09:00	Welcome – Introduction to the Workshop	Balazs Bodo (LPRC)
09:10	MICA Project – Overview & Status	Erika Machacek (GEUS)
09:30	Future of Metal Mining: Sixteen Predictions	Jan Johansson (Lulea University)
10:00	Mineral Futures Collaboration Cluster	Damien Giurco* (ISF-Sydney) & Tim Prior* (ETH Zürich)
11:00	Coffee Break	
11:30	Raw Materials Foresight Case Studies – An international review	Marco K. Martins (LPRC)
12:00	Extract-IT Project: Foresight methodology	Balazs Bodo (LPRC)
12:30	Lunch	
10/05/2017 – Foresight Methodology Workshop – Day 1, Afternoon Session.		
14:00	Foresight Methods and Practice: International Examples	Totti Könnölla (IFI)
14:30	Application of STEEPVL to identification of Technology Development	Katarzyna Halicka, (Bialystok University)
	Application of Structural Analysis and Scenario Building to construction of nanotechnology development scenarios	Joanna Ejdys (Bialystok University)
15:00	Safeguarding Mineral Resources for Future Society's Needs	Eberhard Falck (MinPol)
15:30	Coffee Break	
16:00	MICA WP2: Process & Results for Future-oriented Policy Crafting	Aaron Rosa (Fraunhofer-ISI)
16:30	Round of (structured) discussions over the methodologies and the content of presented studies, deriving the outcomes framed by the MICA minerals policy context. Converge to a common framework on the evaluation of the case studies.	All
17:30	End of Day 1	
19:30	Common Dinner	All
11/05/2017 – Foresight Methodology Workshop – Day 2, Morning Session.		
09:00	Synthesis of Day 1, discussions on the applicability of foresight methods against expected future stakeholder needs.	All
10:30	Coffee Break	
11:00	Establishing methodology and general raw materials foresight recommendations.	All
13:00	Lunch / End of the meeting.	
	Start of Departures	

* via videoconference
